Hello,

We are working with Florida Remote Notary to remotely sign and notarize your documents using Zoom, WhatsApp or Face Time Video technology.

Florida Remote Notary, Scott Perreault will be reaching out to confirm Video appointment time. The signing process usually takes ten minutes.

A PC or Laptop with webcam and reliable internet connection is needed. Many signers use a tablet or Smartphone depending on their location and technical skill level. Scott has assisted signers with all technical skill levels. Please have Zoom downloaded with audio & video settings tested on your electronic device.

Scott will send a text in addition to an email to all signers once he receives documents and information from me. Scott's email address is: TheFloridaRemoteNotary@gmail.com.

Scott guides you through the oath and signing the documents. When finished, he emails the notarized documents to me.
